

## **CV of Gian Carlo Gazzadi**

Graduate in Physics with honors at the University of Modena and Reggio Emilia, PhD degree in Physics from the same University in 1997.

Since 2003 he is Senior Technologist of the Nanoscience Institute of CNR at S3 center in Modena, where he is responsible of the Nanofabrication Laboratory. His scientific activity is mainly focused onto the application of dual beam FIB-SEM instruments (Focused Ion Beam – Scanning Electron Microscope) to nanofabrication and analysis of materials, for both research and industry. He is author of 103 publications on international journals and has an H-Index of 23. He is scientific committee member of the International Focused Electron Beam Induced Processing (FEBIP) Workshop, and has been the chairman of the VII edition of the event, organized in Modena in 2018.
