

CURRICULUM VITAE

Elisabetta Genovese was born in Castelfranco Veneto (Treviso) on 7 January 1954.

Degree in Medicine and Surgery at the University of Padua, Verona branch, in 1980

Specialisation in Phoniatics at the University of Ferrara in 1983.

Specialised in Otolaryngology at the University of Ferrara in 1989. Registered with the Medical Association of the Province of Treviso

He qualified as a first-band professor of SSD MED 32 in 2014.

Since November 2005 he has been Associate Professor in Audiology SSD MED 32 at the University of Modena and Reggio Emilia.

Since November 2018 he has been Full Professor in Audiology SSD MED 32 at the University of Modena and Reggio Emilia.

From January 2006 to December 2011, he was Director of the School of Specialisation in Otolaryngology and from 2012 to 2015 he was Director of the Modena and Reggio Emilia branch.

Since 2016 he has been Director of the School of Specialisation in Audiology and Phoniatics at the University of Modena and Reggio Emilia.

Since November 2006 he has been President of the Degree Course in Speech Therapy.

He is the Director of the Master's Degree Course in Logopaedic Rehabilitation of Childhood Deafness at the University of Modena and Reggio Emilia in the academic years 2007-2008, 2008-2009, 2009-2010 and in the current academic year inter-atheneo with the University of Pisa.

He is Director of the Master's Degree Course in Alternative and Augmentative Communication in 2011-2012, 2013-2014, 2015-2016, 2017-2018, 2022-2023.

He collaborated on the Master's Degree Course in Hearing Aid Rehabilitation of Childhood Deafness interateneo with the University of Padua in the academic year 2007-2008.

In the academic years 2006-2007 and 2008-2009 Director of the Master's Degree Course "Disability in Development Cooperation" at the University of Modena and Reggio Emilia.

Since June 2008, she has held the position of Rector's Delegate for Disability and DSA, has been a member of the board of directors of the National Conference of Rectors' Delegates for Disability in the three-year period 2012-2015, 2015-2018 and since December 2018 reappointed for the next three years.

He is an expert evaluator for the Ministry of Health and referee for international journals, FIRB and PRIN research projects. He has participated as a Commissioner in national selection competitions for researchers and associates in the scientific-disciplinary grouping MED 32.

He is a member of the following national and international scientific societies:

Italian Society of Otolaryngology

Italian Society of Audiology and

Phoniatics Italian Society of Phoniatics

and Speech Therapy Italian Dysphagia

Study Group Union of The European

Phoniaticians

International Association of Physician in Audiology

International Society in Audiology International Association Logopedics and Phoniatics

European Study Group for Diagnosis and Therapy of Dysphagia and Globus.

She was President of the Italian Society of Audiology and Phoniatics and of the Italian Study Group on Dysphagia.

He is an expert evaluator for the Ministry of Health and referee for international journals, FIRB and PRIN research projects. He has participated as a Commissioner in national selection competitions for researchers and associates in the scientific-disciplinary grouping MED 32.

WELFARE ACTIVITIES

Full-time Associate Professor since 2005

In the field of care, in 2005 it set up an Audiology Service dedicated to diagnosing childhood deafness, implementing a neonatal screening project at the Azienda Policlinico, and initiating procedures for monitoring childhood prosthesis and the selection of cochlear implants. Promotes the cochlear implant programme at the Azienda Policlinico in collaboration with the ENT Clinic by activating the protocols for the selection, activation, follow-up and rehabilitation of adult and paediatric patients

TEACHING ACTIVITIES

Has held teaching positions at various universities since the academic year 1982/1983 to date in study courses and specialisation schools

At the **University of Ferrara** in the **Preparatory School for Speech Therapy Technicians** he carried out the following teaching assignments:

"Pathophysiology of the organs and audio-phono-articulatory systems" in the academic years 1982-83, 1984-85; "Phoniatics II" in the academic years 1983-84, 1984-85, 1987-88, 1988-89; -

"Speech Pathology in Developmental Age" supplementary course for the teaching of Phoniatics II in the 1989-90 academic year;

"Speech Pathology in Developmental Age" technical-practical teaching activities of Phoniatics II in the academic years 1990-91, 1991-92;

'Anatomy of organs and audio-phono-articulatory systems' in the academic year 1984-85;

'Rehabilitation Techniques II' in the academic years 1985-86, 1986-87.

At the **University of Ferrara** in the **School of Specialisation in Phoniatics**, he carried out the following teaching assignment:

'Phonetic Rehabilitation Technique II' in the academic years 1985-86, 1986-87, 1987-88, 1988-89.

At the University of Ferrara in the **School of Specialisation in Audiology**, he held the following teaching post:

"The rehabilitation of the hearing impaired" in the academic years 1985-86, 1986-87, 1987-88, 1988-89.

At the University of Ferrara in the **Specialisation Course for Managerial and Educational Personnel** he held the following teaching assignment:

'Theories and Techniques of Therapeutic Intervention' in the 1984-85 academic year.

At the University of Sassari in the **Degree Course in Medicine and Surgery**, he carried out the following teaching assignment in the Supplementary Course to the official teaching of Otolaryngology Clinic

'Diseases of the Voice and Speech and their Rehabilitation Treatment' at the Degree Course in Medicine and Surgery in the 1989-90 academic year;

At the University of Sassari in the **School of Specialisation in Otolaryngology**, he held the following teaching assignment

"Phoniatic Semeiotics' in the 1990-91 academic year.

At the University of Padua in the **School for Speech Therapy Technicians** he held the following teaching post:

teaching activities in 'Biological Phonetics 1st year' in the academic year 1991-92;

At the **University of Padua** in the **University Diploma in Speech Therapy**, he held the following teaching assignments:

"General Phoniatic Rehabilitation - 2nd year" discipline of the Integrated Speech Therapy Course I for the academic year 1995-96.

'Special Phoniatic Rehabilitation - 3rd year-1st semester' for the academic year 1996-97.

"General Phoniatic Rehabilitation - 2nd year-2nd semester" in the Integrated Speech Therapy Course I for the academic year 1997-98

At the **University of Padua** in the **Diploma Universitario in Tecnico Audiometrista** he carried out the following teaching assignments:

"Pathophysiology of Communication- 2nd year-1st semester in the Integrated Course in Pathophysiology of the Auditory and Vestibular System" for the academic year 1997-98.

"Audiology module of the Integrated Course in Pathophysiology of the Auditory and Vestibular System' for the academic year 1998-99

"Physiology of Communication module of the Integrated Course in Physiology of the Auditory

and Vestibular Apparatus" for the academic year 1999-2000.

At the University of Padua in the **School of Specialisation in Audiology and Phoniatics**, he carried out the following teaching assignments

'Rehabilitation of profound childhood hearing loss' in the academic years 1998-99, 1999-00, 2000-01, 2001-02, 2002-03.

"Audiology: laryngology to phoniatic pathology 2 "in the academic years 2014/2015, 2016/2017

"Audiology: laryngology to phoniatic pathology 1" for the academic year 2015/ 2016.

"Paediatric Audiology 2" for the academic year 2014/ 2015.

"Audiology 4' for the academic year 2015/ 2016

At the University of Naples Federico II° he lectured in 1987 on phonetics, phoniatics and rehabilitation of speech problems in hearing-impaired children at the PhD in "Physiopathology of Audio-Verbal Communication" of the Department of Relational and Communication Sciences.

At the **University of Modena and Reggio Emilia** in the **Degree Course in Medicine and Surgery** he held the following teaching assignments

"Audiology" (C.I. Otolaryngological, odontostomatological and visual apparatus diseases) for the academic years 2006/07, 2007/08, 2009/10, 2010/11, 2011/12, 2013/14, 2014/15, 2016/17, 2017/18

"Otolaryngology" (C.I. Otolaryngological, odontostomatological and visual apparatus diseases) for the academic years 2008/09; 2012/2013

At the University of Modena and Reggio Emilia in the Degree Course in Speech Therapy he has carried out the following teaching assignments

"Audiology" (C.I. Medical Surgical Sciences) in the academic years 2005/06, 2006/07, 2007/08, 2008/09, 2009/10, 2010/11, 2011/12

"Anatomo-physiology pfa apparatus" for the academic year 2010/11

'Specialist Medicine I' for the academic years 2013/14, 2014/15, 2015/16, 2016/2017, 2017/18

"General Methodology of Speech Therapy Rehabilitation" for academic years 2013/14, 2014/15, 2016/2017

"Methodologies of Speech Therapy Rehabilitation I" for academic years 2013/14, 2014/15, 2016/2017,

2017/18 "Methodologies of Speech Therapy Rehabilitation II" in academic years 2013/14, 2014/15, 2015/16, 2016/2017, 2017/18

"Methodologies of Logopaedic Rehabilitation IV" for the academic year 2016/2017

At the **University of Modena and Reggio Emilia** in the **Degree Course in Dentistry and Dental Prosthetics** he carried out the following teaching assignments

"Otolaryngology" (C.I. Head and Neck Medical and Surgical Diagnostics and Therapy) for the academic year 2010/11;

At the **University of Modena and Reggio Emilia** in the **School of Specialisation in Otolaryngology** he held the following teaching assignments

Preventive ENT for the acc. year 2007/08

Paediatric ENT for the acc. year 2007/08

At the **University of Modena and Reggio Emilia** in the **School of Specialisation in Paediatrics** he held the following teaching assignments:

Otolaryngology for the academic year. 2007/08

Fourth-year activities in the academic years 2011/2012, 2012/2013, 2013/14, 2014/15

At the **University of Modena and Reggio Emilia** in the **Degree Course in Physiotherapy** he carried out the following teaching assignment:

"Basics of pathology and pharmacology" for the academic years 2012/2013, 2013/14, 2014/15, 2015/16, 2017/18

At the University of Modena and Reggio Emilia in the **course Teaching Support Activities for Pupils with Disabilities** he carried out the following teaching assignment:

"Special education and learning for hearing disabilities" in the academic years 2013/14, 2014/15, 2016/2017

Tutor at the first and second training modules of the International Refresher and Advanced Training Course 'State of the Art in Phoniatrics and Speech Therapy' held in Milan from 12 to 16 February and from 2 to 6 July 1990.

Gave a series of Lectures to the M.A. Students in Speech Pathology of Amman University; Amman, May 10-15 1992.

RESEARCH ACTIVITIES

He participates as a unit leader in the following research projects:

- **National inter-university research programme co-funded by MURST, PRIN (Cofin)**, call 2004, duration 24 months, concluded in December 2006, entitled 'Language acquisition in children undergoing cochlear implantation'.

- **National inter-university research programme co-funded by MURST, PRIN (Cofin)**, call for proposals 2007, duration 24 months, concluded in March 2009, entitled 'Cochlear implant in children with deafness associated with disability: neuropsychiatric assessment protocol and global benefit assessment',

- **Winning special interest project at MIUR** 'LIM in UNimore' in the academic year 2009/2010 -

- **Project of special interest winner at MIUR** 'CATS' in the academic year 2010/2011 Participates as

partner and trainer in the following projects:

- **Project funded by the Ministry of Foreign Affairs** 'Education in Place' aimed at the employment of young Tunisians with disabilities who became such as a result of the war events, duration 24 months, concluded in 2015.

- **Erasmus + project** "TIDE - new Tools for Inclusion of Dyslexic studEnts. "Call 2016 KA2 - Cooperation for Innovation and the Exchange of Good Practices Strategic Partnerships for school education, duration 36 months, started in 2016.

WELFARE ACTIVITIES

Since 2005, he has held the position of full-time Associate Professor at the Complex Structure of Otolaryngology of the Policlinico di Modena University Hospital.

In the field of care, in 2005 it set up an Audiology Service dedicated to diagnosing childhood deafness, implementing a neonatal screening project at the Azienda Policlinico and initiating procedures for monitoring childhood prosthesis and the selection of cochlear implants. He promotes the cochlear implant programme at the Azienda Policlinico in collaboration with the ENT Clinic by activating the protocols for the selection, activation, follow-up and rehabilitation of adult and paediatric patients. He is the referent for neonatal audiological screening and follow-up of hearing-impaired children for the province of Modena, carrying out an integrated activity with all the birth points and district services of the Modena ASL.

SCIENTIFIC ACTIVITY

He is the author of works published in national and international journals, scientific monographs, contributions to national and international volumes

Publications in journals with impact factor

Long-term follow-up of language development in a group of hypoacoustic children.

Genovese E, Tartari MC, Prosser S, Arslan E.

Acta Otorhinolaryngol Ital. 1984 Sep-Oct;4(5):537-47. Italian.

Evaluation of prosthesis use in a sample of deaf children.
Tartari MC, Genovese E, Prosser S, Arslan E.
Acta Otorhinolaryngol Ital. 1984 Jul-Aug;4(4):489-500. Italian.

Hearing loss etiology in a group of 996 children.
Arslan E, Trevisi P, Genovese E, Lupi G, Prosser S.
Ann N Y Acad Sci. 1991;630:315-6.

Phoniatic aspects of reconstructive laryngectomy
Genovese E, Calearo C, Bignardi I.
Rev Laryngol Otol Rhinol (Bord). 1992;113(4):331-5. French.

Speech perception test in Italian language for profoundly deaf children
Genovese E, Orzan E, Turrini M, Babighian G, Arslan E.
Acta Otorhinolaryngol Ital. 1995 Oct;15(5):383-90. Italian.

Hearing aid systems in undeveloped, developed and industrialised countries.
Arslan E, Genovese E.
Scand Audiol Suppl. 1996;42:35-9.

Cochlear implantation in a bilateral Mondini dysplasia.
Turrini M, Orzan E, Gabana M, Genovese E, Arslan E, Fisch U.
Scand Audiol Suppl. 1997;46:78-81.

Hearing threshold assessment with auditory brainstem response (ABR) and ElectroCochleoGraphy (ECochG) in uncooperative children.
Arslan E, Turrini M, Lupi G, Genovese E, Orzan E.
Scand Audiol Suppl. 1997;46:32-7.

Multidisciplinary approach to the patient with oropharyngeal dysphagia.
Pavanello M, Benvegnù F, Collatuzzo F, De Giorgi S, Genovese E, Morello M, Paccagnella A, Piccione G, Di Falco G.
Chir Ital. 2001 May-Jun;53(3):369-73. Italian.

Development of communication and speech skills after cochlear implant in a sign language child.
Cassandro E, Nicastrì M, Chiarella G, Genovese E, Gallo LV, Catalano M.
Acta Otorhinolaryngol Ital. 2003 Apr;23(2):88-93.

Repeated visually-guided saccades improves postural control in patients with vestibular disorders.
Monzani D, Setti G, Marchioni D, Genovese E, Gherpelli C, Presutti L.
Acta Otorhinolaryngol Ital. 2005 Aug;25(4):224-32.

Auditory neuropathy in systemic sclerosis: a speech perception and evoked potential study before and after cochlear implantation.
Santarelli R, Scimemi P, Dal Monte E, Genovese E, Arslan E.
Eur Arch Otorhinolaryngol. 2006 Sep;263(9):809-15. Epub 2006 Jun 9.

Life events and benign paroxysmal positional vertigo: a case-controlled study.
Monzani D, Genovese E, Rovatti V, Malagoli ML, Rigatelli M, Guidetti G.
Acta Otolaryngol. 2006 Sep;126(9):987-92.

Measuring the psychosocial consequences of hearing loss in a working adult population: focus on validity and reliability of the Italian translation of the hearing handicap inventory.

Monzani D, Genovese E, Palma S, Rovatti V, Borgonzoni M, Martini A.
Acta Otorhinolaryngol Ital. 2007 Aug;27(4):186-91.

Audiological and electrocochleography findings in hearing-impaired children with connexin 26 mutations and otoacoustic emissions.

Santarelli R, Cama E, Scimemi P, Dal Monte E, Genovese E, Arslan E.
Eur Arch Otorhinolaryngol. 2008 Jan;265(1):43-51. Epub 2007 Aug 14.

Validity of the Italian adaptation of the Tinnitus Handicap Inventory; focus on quality of life and psychological distress in tinnitus-sufferers.

Monzani D, Genovese E, Marrara A, Gherpelli C, Pingani L, Forghieri M, Rigatelli M, Guadagnin T, Arslan E.
Acta Otorhinolaryngol Ital. 2008 Jun;28(3):126-34.

Psychological profile and social behaviour of working adults with mild or moderate hearing loss.

Monzani D, Galeazzi GM, Genovese E, Marrara A, Martini A.
Acta Otorhinolaryngol Ital. 2008 Apr;28(2):61-6.

Cochlear implantation in deaf children with associated disabilities: challenges and outcomes.

Berrettini S, Forli F, Genovese E, Santarelli R, Arslan E, Chilosi AM, Cipriani P.
Int J Audiol. 2008 Apr;47(4):199-208. doi: 10.1080/14992020701870197.

Hearing loss features in GJB2 biallelic mutations and GJB2/GJB6 digenic inheritance in a large Italian cohort. Cama E, Melchionda S, Palladino T, Carella M, Santarelli R, Genovese E, Benettazzo F, Zelante L, Arslan E. Int J Audiol. 2009 Jan;48(1):12-7. doi: 10.1080/149920802400654.

Guidelines on acute otitis media.

Marchisio P, Principi N, Bellussi L; Drafting Group.
Minerva Pediatr. 2009 Dec;61(6):885-6. English. No abstract available.

Comparison of speech perception performance between Sprint/Esprit 3G and Freedom processors in children implanted with nucleus cochlear implants.

Santarelli R, Magnavita V, De Filippi R, Ventura L, Genovese E, Arslan E.
Otol Neurotol. 2009 Apr;30(3):304-12. doi: 10.1097/MAO.0b013e3181967a19.

Intermittent self-limiting epistaxis: not always a triviality.

Molteni G, Alicandri-Ciufelli M, Romualdi P, Genovese E, Presutti L.
Otolaryngol Head Neck Surg. 2010 Jan;142(1):146-7. doi: 10.1016/j.otohns.2009.06.079. Epub 2009 Sep 2.
No abstract available.

Therapy of unilateral vocal fold paralysis with polydimethylsiloxane injection laryngoplasty: our experience.

Bergamini G, Alicandri-Ciufelli M, Molteni G, Villari D, Luppi MP, Genovese E, Presutti L.
J Voice. 2010 Jan;24(1):119-25. doi: 10.1016/j.jvoice.2008.05.003. Epub 2009 Jan 29.

Stimulation of the cholinergic neurotransmissions enhances the efficacy of vestibular rehabilitation.

Monzani D, Genovese E, Marrara A, Presutti L, Gherpelli C, Panzetti P, Forghieri M.
Acta Otorhinolaryngol Ital. 2010 Feb;30(1):11-9.

Selective epitympanic dysventilation syndrome.

Marchioni D, Alicandri-Ciufelli M, Molteni G, Artioli FL, Genovese E, Presutti L.

Laryngoscope. 2010 May;120(5):1028-33. doi: 10.1002/lary.20841

Numerical intelligence, verbal competence and intelligence in preschool children with cochlear implants: our findings in a clinical sample.

Palma S, Gubernale M, Guarnaccia MC, Genovese E.

Cochlear Implants Int. 2010 Jun;11 Suppl 1:355-9. doi: 10.1179/146701010X12671177989877.

"Hide and seek' with antineutrophil cytoplasmic antibodies.

Alicandri-Ciufelli M, Molteni G, Mascia MT, Genovese E, Presutti L.

Am J Otolaryngol. 2010 Sep-Oct;31(5):397-8. doi: 10.1016/j.amjoto.2009.05.005. Epub 2009 Jun 10.

Inferior retrotympaenum revisited: an endoscopic anatomic study.

Marchioni D, Alicandri-Ciufelli M, Piccinini A, Genovese E, Presutti L.

Laryngoscope. 2010 Sep;120(9):1880-6. doi: 10.1002/lary.20995.

Endoscopic exclusive transcanal approach to the tympanic cavity cholesteatoma in paediatric patients: our experience.
Marchioni D, Soloperto D, Rubini A, Villari D, Genovese E, Artioli F, Presutti L.
Int J Pediatr Otorhinolaryngol. 2015 Mar;79(3):316-22. doi: 10.1016/j.ijporl.2014.12.008. epub 2015 Jan 7.

The impact of the Italian guidelines on antibiotic prescription practices for acute otitis media in a paediatric emergency setting.
Palma S, Rosafio C, Del Giovane C, Patianna VD, Lucaccioni L, Genovese E, Bertolani P, Iughetti L.

Ital J Pediatr. 2015 May 7;41:37. doi: 10.1186/s13052-015-0144-4.

Nimodipine in otolaryngology: from past evidence to clinical perspectives.

Monzani D, Genovese E, Pini LA, Di Berardino F, Alicandri Ciufelli M, Galeazzi GM, Presutti L.
Acta Otorhinolaryngol Ital. 2015 Jun;35(3):135-45. Review.

Endoscopic assisted cochlear implants in ear malformations.

Marchioni D, Soloperto D, Guarnaccia MC, Genovese E, Alicandri-Ciufelli M, Presutti L.
Eur Arch Otorhinolaryngol. 2015 Oct;272(10):2643-52. doi: 10.1007/s00405-014-3214-0. Epub 2014 Aug 2.

The production of direct object clitics in pre-school- and primary school-aged children with specific language impairments.

Guasti MT, Palma S, Genovese E, Stagi P, Saladini G, Arosio F.
Clin Linguist Phon. 2016;30(9):663-78. doi: 10.3109/02699206.2016.1173100. Epub 2016 Jun 10.

Stapes malformations: the contribution of the endoscopy for diagnosis and surgery.

Marchioni D, Soloperto D, Villari D, Tatti MF, Colleselli E, Genovese E, Presutti L.
Eur Arch Otorhinolaryngol. 2016 Jul;273(7):1723-9. doi: 10.1007/s00405-015-3743-1. Epub 2015 Aug 8.

Endoscopic approach for cochlear implantation in advanced otosclerosis: A case report.

Marchioni D, Soloperto D, Bianconi L, Guarnaccia MC, Genovese E, Presutti L.
Auris Nasus Larynx. 2016 Oct;43(5):584-90. doi: 10.1016/j.anl.2016.03.003. Epub 2016 Apr 19.

A mild phenotype of sensorineural hearing loss and palmoplantar keratoderma caused by a novel GJB2 dominant mutation.

Stanghellini I, Genovese E, Palma S, Falcinelli C, Presutti L, Percesepe A.
Acta Otorhinolaryngol Ital. 2017 Aug;37(4):308-311. doi: 10.14639/0392-100X-1382.

Endoscopic-assisted cochlear implant procedure in CHARGE syndrome: Preliminary report.

Marchioni, Daniele, Carner, Marco, Soloperto, Davide, Sacchetto, Andrea, Genovese, Elisabetta, Presutti, Livio.
Acta Otorhinolaryngol Case Reports. 2017 2(1): 52-58. doi: 10.1080/23772484.2017.1300508.

Vestibular findings in patients with schwannoma of the 8th cranial nerve: a survey of nine cases and review of the literature.

Author of the following volumes

Evaluation of verbal perception in the hearing impaired child. Arslan E. Genovese E. Orzan E. Turrini M. Ed Ecumenica, Bari, 1997

Dyslexia and universities. Experiences and support interventions, Genovese E, Ghidoni E, Guaraldi G, Stella G. Ed. Erickson, Trento, 2010 ISBN: 978-88-6137-634-2

Dyslexia in young adults. Compensatory tools and strategies for success. Genovese E, Ghidoni E, Guaraldi G, Stella G
Ed. Erickson, Trento, 2011 ISBN: 978-88-6137-861-2

Manual of Phoniatrics and Speech Therapy. Ruoppolo G, Schindler A., Amirano A, Genovese E. Univers Publishing Company, 2012

Dyslexia in adulthood. Pathways and experience between university and the world of work. Ghidoni E, Guaraldi G, Genovese E, Stella G.
Ed. Erickson, Trento, 2012 ISBN: 978-88-590-0008

Auditory perception and speech pathologies. Genovese E, Conti G.
Omega Editions, Turin, 2013

Dyscalculia in young adults: indications and tools for effective study. Genovese E, Ghidoni E, Guaraldi G
Ed. Erickson, Trento, 2013 ISBN: 978-88-590-0345-8

Dyslexia and language learning. Cardinaletti A, Santulli F, Genovese E, Guaraldi G, Ghidoni E. Ed.
Erickson, Trento, 2014 ISBN: 978-88-590-0668-8.

Young adults with ASD. Diagnosis, psychological aspects and developmental perspectives. Diagnosis,
psychological aspects and developmental perspectives. Ghidoni E, Guaraldi G, Genovese E.
Ed. Erickson, Trento, 2015 ISBN:978-88-590-0924-5.

Genetics and environment in dyslexia. Strategies to foster learning at school and university and entry into
the world of work. Guaraldi G, Ghidoni E, Genovese E
Ed. Erickson , Trento, 2016 ISBN: 978-88-590-1227-6

From secondary school to university. Pathways to educational success. Guaraldi G, Valenti A., Genovese E.
Ed. Erickson, Trento, 2018. ISBN: 978-88-590-1674-8

Promoting the potential of students with SLD. Secondary School and University ten years after the Law
170. Elisabetta Genovese, Giacomo Guaraldi. Ed. Erickson, Trento, 2020. ISBN: 978-88-590-2428-6.

The CNUDD experience in favour of pupils with DSA. Genovese Elisabetta; Guaraldi Giacomo. Ed. Erickson,
Trento, 2020 (75-81). ISBN: 978-88-590-2428-6

Different audiologic outcomes in twins with congenital cytomegalovirus infection.
Botti C., Palma S., Roversi M. F., Monzani D., Berardi A., Genovese E.
J Int Adv Otol. 2020 Apr 16:130- 133. doi: 10.5152/iao.2020.6574.

Contributions to national and international volumes

Paediatric audiology. Arslan E., Genovese E., Santarelli R. (pp. 477-505)
In De Negri M. Manuale di Neuropsichiatria Infantile. Ed. Piccin 2004

Mathematical vs. reading and writing disabilities in deaf children, a pilot study on the development of
numerical knowledge. Genovese E., Galizia R., Gubernale M., Lucangeli D.,pp. 33-47
in Advances in Learning and Behavioral Disabilities, vol 18, Elsevier Press 2005

Genetic of Communicative Disorders Genovese E., Galizia R., Cama E., Arslan E.
In Martini A.,Stephens D., Read A.: Genes, Hearing and Deafness from Molecular Biology to Clinical
Practice. In Press 2006
