

CURRICULUM FORMATIVO E PROFESSIONALE DI _FRANCESCO LOMBARDI_

Ai sensi e per gli effetti degli artt. 46 e 47 del DPR n. 445/2000 il sottoscritto dichiara quanto segue:

<u>DATI PERSONALI</u>	
Cognome e Nome	LOMBARDI FRANCESCO
Data di nascita	23/07/1964
Indirizzo (residenza)	VIA A. VENERI 51, 42100 REGGIO EMILIA
Codice Fiscale	LMBFNC64L23H223S
Indirizzo (domicilio)	VIA CA' DEI LAZZARINI 315, 41058 VIGNOLA (MO)
Telefono	348/4732533
E-mail PEC	lombardif@ausl.re.it
Nazionalità	ITALIANA
<u>Titoli accademici e di studio</u>	
<i>Elencare separatamente ciascun titolo accademico conseguito evidenziando per ognuno l'Ente e l'anno di conseguimento.</i>	<p>Degree in Medicine and Surgery awarded on 10/22/91 at the University of Parma</p> <p>Specialization in Neurology obtained on 12/11/1996 at the University of Parma</p> <p>Master in "Evidence Based Medicine and Methodology of Health Research" achieved in the 2003-2004 academic year at the University of Modena and Reggio Emilia, coordinated by Prof. A. Liberati (60 CFU)</p> <p>2nd Level Master in "Management of Health Services for Management Functions" achieved in 2011 at the University of Bologna, coordinated by Prof. Maria Pia Fantini (200 hours of lessons 40 CFU)</p> <p>Managerial Training Course for Responsible Director of Complex Structure obtained in Reggio Emilia on 17/05/2016, issued pursuant to the Agreement between the Ministry of Health and the Regions on 10/07/2003, and foreseen by the Regional provision n ° 318 / 2012 RER</p>
<p><u>Tipologia delle istituzioni e tipologia delle prestazioni erogate</u></p> <p><i>Elencare:</i></p> <ul style="list-style-type: none"> - la tipologia delle istituzioni in cui il candidato ha svolto la sua attività - la tipologia delle prestazioni erogate dalle strutture medesime <p><i>Il candidato in alternativa all'autodichiarazione può allegare attestazione rilasciata dall'Azienda presso la quale la suddetta attività è stata svolta</i></p>	<p>Salvatore Maugeri Foundation of Castelgoffredo (MN) and Genoa Nervi (GE), private and accredited centers for neurological and orthopedic rehabilitation.</p> <p>Management as a doctor in charge of beds dedicated to the rehabilitation of patients affected by brain, medullary and peripheral nervous system, operated femur fractures, hip and knee arthroplasty.</p> <p>SOC of Neurorehabilitation of the S. Sebastiano di Correggio Hospital, AUSL of Reggio Emilia, a specialized center for neurological rehabilitation, a 3rd level specialized rehabilitation center for patients suffering from sBI (GRACER network of Emilia Romagna)</p> <p>Management as a doctor responsible for beds dedicated to the rehabilitation of patients affected by sBI, focal brain diseases, medullary and peripheral nervous system.</p> <p>Management of outpatient neurophysiatric activities for patients managed on an outpatient basis and included in post-treatment care pathways</p> <p>Function of Director since 2010 and Director from 2011 until today, responsible for the management of waiting lists, the stay of the GRACER path and therefore of contacts with the acute phase interface (Resuscitation, Neurology and Neurosurgery) and of the territory (Residential structures for patients GRAD law 2068, outpatient rehabilitation courses and work / school placements); responsible for the clinical governance of physiatric, neuro-physiatric clinics, spasticity of the Correggio Hospital</p>

<p><u>Esperienze lavorative</u></p> <p>Elencare separatamente ciascun impiego pertinente ricoperto evidenziando per ognuno:</p> <ul style="list-style-type: none"> - nome e indirizzo dell'Azienda / Ente (specificare se pubblica o privata o accreditata con SSN) - periodo lavorativo (da gg.mm.aa. – a gg.mm.aa.) - qualifica ricoperta e tipologia del rapporto di lavoro (lavoro subordinato, incarico libero prof.le ecc.) - principali mansioni e responsabilità (specificare l'attribuzione di eventuali incarichi manageriali: direzione di moduli organizzativi, strutture semplici, strutture complesse e la normativa di riferimento) 	<p>From 17/03/1997 To 13/09/1997</p> <p>Deputy Assistant Medical Neurologist at the Salvatore Maugeri Foundation in Castelgoffredo (MN), neurological and orthopedic rehabilitation</p> <p>From 03/12/1997 To 16/07/1999</p> <p>Neurologist Medical Assistant at the Salvatore Maugeri Foundation in Genoa Nervi, neurological and orthopedic rehabilitation</p> <p>From 19/07/1999 To today</p> <p>Full-time Medical Director of Neurologist at the AUSL of Reggio Emilia, UOC of Neurorehabilitation</p> <p>From 01/07/2010 To 01/07/2011</p> <p>Acting as Director of the Neurorehabilitation SOC, Correggio Hospital (AUSL of RE).</p> <p>From 01/07/2011 To 16/02/15</p> <p>Director of the UOC of Neurorehabilitation of the Hospital of Correggio, AUSL of Reggio Emilia appointed by the General Director (ex septies)</p> <p>From 16/02/2015 To today</p> <p>Director of the UOC of Neurorehabilitation of the Hospital of Correggio, AUSL of Reggio Emilia</p>
<p><u>Soggiorni di studio o di addestramento prof.le</u></p> <p>Elencare le singole attività attinenti la disciplina effettuate in rilevanti strutture italiane o estere di durata non inferiore a tre mesi con esclusione dei tirocinii obbligatori precisando struttura, attività svolta, periodo (da gg.mm.aa. – a gg.mm.aa.)</p>	
<p><u>Attività didattica</u></p> <p>Elencare le singole attività didattiche presso corsi di studio per il conseguimento del diploma universitario, di laurea o di specializzazione ovvero presso scuole per la formazione di personale sanitario con indicazione dell'anno accademico, della materia e delle ore annue di insegnamento.</p>	<p>From 1997 to 2010, as a subject expert, then as a lecturer, he taught "Neurotraumatology" in the Physiotherapy Degree Course at the University of Parma (20 hours per year for the duration of 13 years)</p> <p>From 2001 to 2012 he was professor of "Neurology" at the Degree Course in Physiotherapy and later in Occupational Therapy at the University of Modena and Reggio (20 hours a year for the duration of 11 years)</p> <p>From the Academic Year 2012/2013 to the present day he has been a lecturer in "Rehabilitation in Neurology" (20 hours a year) and in "Specialized Neurological Rehabilitation sBI" (20 hours a year) at the Laura Course in Physiotherapy and in Occupational Therapy University of Modena and Reggio. (Lesson hours up to now 80 hours)</p> <p>Since 2006 he has worked as a lecturer on research methodology topics at the "Master on Child Rehabilitation and Research Methodology" directed by Prof. A. Ferrari at the University of Modena and Reggio. The Master reached the 8th Edition in 2018 (4 hours of lessons for each edition; in total 20 hours)</p> <p>Since 2008, as scientific director and lecturer, he has been the promoter, scientific director, lecturer and tutor of the "Master in Rehabilitation of Serious Acquired Injuries", University of Modena and Reggio Emilia, Director Prof. Adriano Ferrari. The Master reached the 6th edition in the current academic year (8 hours of teaching as a teacher for each edition; a total of 40 hours).</p>
<p><u>Corsi, congressi, convegni e</u></p>	<p>Speaker activity in the following cultural / scientific initiatives</p>

seminari

Elencare le singole partecipazioni a corsi, congressi, convegni e seminari, anche effettuati all'estero, purchè abbiano in tutto o in parte, finalità di formazione e di aggiornamento professionale e di avanzamento di ricerca scientifica, nonché alla pregresse idoneità nazionali. Indicare per ogni evento il titolo, la durata, con /senza esame finale. Evidenziare la partecipazione in qualità di docente o relatore

1. Speaker at the Refresher Course for Professional Nurses "The traumatic brain: nursing and rehabilitation", Parma May 14th 1994.
2. Speaker in the discussion of the thesis: The effectiveness of sensory stimulation in patients in coma or in a post-traumatic vegetative state: critical analysis. Grazia D'Avossa, Laura Guardiani. School for Therapists of Rehabilitation USL 51 Cremona, 1994
3. Communication "A Database for Traumatic Brain Injury in medical rehabilitation" presented at the Second International Symposium on Severe Head Injury, Parma 17-19 October 1994
4. Speaker during the update day for professional nurses on the assistance to patients with TBI, Cremona February 23, 1995.
5. Speaker at the meeting of the Italian Interdisciplinary Group of Cranial Traumatology held in Fontanellato on 15 December 1995
6. Speaker on the "Social reintegration of the cranial traumatized" at the School-Therapists School of Rehabilitation of the Bozzolo Hospital (MN) on 22-12-95.
7. Speaker at the "Conference on seat belts and child restraint systems", for the prevention of cranial injuries, Varano De 'Melegari (PR) 11 May 1996.
8. Speaker at the XX National Congress of the Urodynamics Society, on the clinical aspects of cerebral stroke, Salsomaggiore Terme (PR) 24-26 October 1996.
9. Speaker on "complications of post-acute cranial trauma" at the professional refresher course held in Magenta on 11-16-96
10. Speaker during the National Seminar "Consultancy and patient management in the acute care unit - Guidelines for the production of guidelines", held in Arezzo 10-12 April 1997.
11. Speaker at the Round Table "Clinical, welfare and social aspects: the role of the Physician, the Patient and the Associations" during the update meeting "The treatment of Severe Spasticity with Intrathecal Baclofen", held in Salsomaggiore Terme, 25 October 1997.
12. Speaker at the training seminar in neurological rehabilitation for doctors and nurses held in Correggio on 01/29/98
13. Speaker at the Seminar on the theme: "Vegetative State", held on 12/03/98 at the Aula Magna of the Neurological Clinic of the University of Genoa
14. Communication: The functional Independence Measure as a predictor of length of stay in stroke rehabilitation patients, presented at the International Workshop on "Stroke in the Young". Palazzo del Principe Genoa. 11-12 December 1998
15. Speaker at the works of the interdisciplinary study day on "Acute Cerebral Insufficiency and Artificial Nutrition", held on January 22nd 1999 in Monte del Re, Dozza Imolese (BO)
16. Speaker at the Update Course "Rehabilitation assistance in hospital rehabilitation wards: need for professional integration", organized by the G. Salvini Hospital, held on 18-19 March 1999 in Senago (MI)
17. Speaker at the Training Course "Awakening, weaning, sphincters, interaction of the brain-injured person", held in Fontanellato (PR) at the Cardinal Ferrari Center, 09/21/1999.
18. Speaker at the Consensus Conference "Methods of rehabilitation treatment of the traumatized cranial brain in the acute phase, transferability criteria in rehabilitation facilities and indications to

appropriate paths", held in Modena, at the Hotel Real Fini on 20-21 June 2000 .

19. Communication: "the need for hospital / community integration in Italy", presented at the 4th World Congress on Brain Injury, Turin 05-09-05 / 2001 International Brain Injury Association

20. Speaker at the Company training course "Il cerebroleso grave: prognostic, welfare and rehabilitation aspects", held in Lodi on days 25-26 / 05/01 and 01/06/01, organized by the AUSL of Lodi

21. Speaker at the Course "Rehabilitation Evaluation of minimum of the Cranio-encephalic Traumatized", held in Negrar (VR) on 01/06/01

22. Speaker at the training days "The patient in artificial nutrition: from hospital to home care", held in Reggio Emilia on 15-16 / 02/2002

23. Rapporteur of the meeting on "Alcohol and road accidents", Varano de Melegari 04/23/02

24. Speaker at the Workshop "Drugs in the rehabilitation of behavioral responsiveness and neurovegetative disorders after severe brain injury: possibilities and limitations". In the SIMFER Congress Reggio Emilia 09/27/02.

25. Speaker at the "Nutritional Course in Home Artificial Nutrition", Correggio 10/19/02

26. Speaker at the refresher course "Management paths of the patient with tracheostomy in the rehabilitation setting", Correggio 02/27/03

27. Speaker at the "Refresher course for the training of personnel dedicated to cerebro-vascular pathology", Reggio Emilia 18/03/03

28. Rapporteur at the Refresher Course "Medical Rehabilitation and Social Rehabilitation: what integration". Riccione 23/05/03

29. Rapporteur for the Refresher Course "Drugs and Neurorehabilitation", Cuneo 10/17/03

30. Speaker at the Course "Rehabilitation Evaluation of minimum of the Cranio-encephalic Traumatized", held in San Pellegrino Terme (BG) on 03/27/04

31. Speaker at the refresher course "Management paths of the patient with tracheostomy in the rehabilitation setting", held Correggio 04/16/04

32. Speaker at the refresher course "The drug in the rehabilitation project in severe acquired brain injuries", held in Ravenna on 11/10/04

33. Speaker at the refresher course "Rehabilitative pathways of severe brain injury" held in Pescia (PT) on 04/05/05 with a replica on 10/19/05

34. Speaker at the Accreditation Course on the Use of the Rehabilitation Evaluation Protocol for the minimum of the Cranio-brain Traumatized, "held in Cagliari on 07/10/05

35. Speaker at the Accreditation Course on the use of the Rehabilitation Evaluation Protocol for the minimum of the Cranio-brain Brain Trauma, "held at the Versilia Hospital on 02/20/06

36. Speaker at the Conference "At the borders of Consciousness: the search for contact" held in Reggio Emilia 23-25 / 03/06

37. Speaker at the International Congress "The Serious Acquired Injuries", Cassino 25-28 September 2006

38. Speaker at the annual meeting of the Tuscan-Ligurian-Piemontese Sezione SIRN, Lido di Camaiore 10/24/06

39. Speaker at the Congress "Fragility: projects and hopes in the third millennium". Florence 26/28 October 2006

40. Speaker at the course "Minimum patient evaluation protocol with severe acquired brain injury", Motta di Livenza (TV), 28/10/06
41. Speaker at the Conference "The Rehabilitation of the Grave Cerebroleso" organized by the Department of Non-self-sufficiency and Rehabilitation of the Local Health Unit of Piacenza, Piacenza 10/11/2006
42. Speaker at the Conference "Tracheostomy and Dysphagia in the Grave Cerebroleso: Choosing, Evaluating and Rehabilitating. Reggio Emilia 04/05/07
43. Speaker at the Conference Br.A.I.N, on the subject "Pharmacologic treatment of neurobehavioral sequelae of traumatic brain injury", Brescia 11/05/07
44. Speaker at the Study Day: Cognitive and behavioral alterations in the cranio-encephalic traumatized. Clinical and pharmacological aspects. Held in Parma on 09/21/07
45. Speaker at the Conference "On the edge of the Conscious: a new challenge" The patient with low responsiveness (SV and MCS) from intensive rehabilitation to chronicity. Held in Bergamo on 2/22/08
46. Speaker at the course "Minimum patient assessment protocol with severe acquired brain injury", Fontanellato (PR), 07-08 / 03/08
47. Speaker at the Seminar "Coma and Awakenings" at the Degree Course in Nursing, Reggio Emilia, 3rd year of the course, Reggio Emilia on 09/04/08
48. Speaker at the study day "Physiotherapy declares itself: proposal of a tool for the description of physiotherapy treatment in childhood cerebral palsy" held in Cinisello Balsamo on 10/25/08 for a total of 6 hours.
49. Speaker at the International Workshop "Rehabilitation of severe acquired brain injuries (GCLA): open problems. Rome 27-29 November 2008
50. Speaker at the course "The management of complications in patients with severe acquired brain injury". Sarzana 22/06/2009
51. Speaker at the course "Neurological dysphagia in the serious patient: what we know, what we don't know", Piacenza 01-02 October 2010
52. Speaker at the 2nd meeting of the Italian Post-Traumatic Hydrocephalus Multicenter Study Group, for the presentation of the CRS-R, Nuovo S. Agostino Baggiovara Hospital (MO) 03 December 2010
53. Speaker at the Conference "The transferability of the results of experimental research into clinical practice. New proposals for the re-education of manipulation in the hemiplegic child ", Loris Malaguzzi International Center, Reggio Emilia 09-10 December 2010
54. Speaker at the course "Tracheostomy and dysphagia in the tracheostomized patient: from evaluation to team rehabilitation"; Marzana, Verona, 19 April 2011
55. Speaker at the course "Identification and rehabilitative management of primary presbyphagy and dysphagia in the elderly" with the report "Dysphagia Neurogenic physiopathology, clinical and instrumental evaluation" Istituto Ospedaliero di Sospiro, Cremona, 18 May 2011
56. Speaker at the course "Difagia e Malnutrizione: how to make the right choice in departments of neurological rehabilitation. Bergamo May 28th 2011
57. Speaker at the course "Hospital Rehabilitation: Appropriateness in the choice of the Setting." Parma 02 March 2012
58. Speaker at the course "Good Clinical Practice in Hospital

Rehabilitation of Persons with Severe Acquired Brain Injury. Ferrara April 27th 2012

59. Speaker at the Course "The severe acquired brain injury: an interprofessional challenge", at the Ospedale Mauriziano, Turin 28 September 2012

60. Speaker at the course "The patient with serious injuries to the Central Nervous System: rehabilitation problems" with a report on "The integrated management of the dysphagic patient carrying a tracheostomy tube". Santorso Hospital, Azienda ULSS n. 4 "Alto Vicentino, Santorso (VI) Tuesday 9 October 2012

61. Speaker at the course "Good clinical practice in hospital rehabilitation of people with severe brain injuries", with a report on "Problems and recommendations for rehabilitation and pharmacological facilitation for resuming contact with the environment", S. Maria della Gruccia Hospital, Montevarchi (AR) 12 October 2012

62. Speaker at the Interdisciplinary Seminar "Hippocratic Oath and Professional Work Stress", organized by the Order of Physicians and Surgeons of Reggio Emilia, Reggio Emilia 23 November 2012

63. Speaker at the Conference "How to interpret the imperceptible messages of people with disorders of the conscience: some indications to enter an unknown dimension" held in Florence on 02/22/2013

64. Speaker at the Conference "Innovative Aspects in Therapy, Assistance and Rehabilitation of Serious Acquired Brain Injuries", with a report on "Disfagia", held in San Pellegrino Terme on 09/28/2013

65. Speaker at the Training Course "The assessment of the state of consciousness: The CRS-R as a contribution to the differential diagnosis", held at the Mauriziano Hospital in Turin on 10/26/2013 (8 hours)

66. Speaker at the Conference "High complexity and specificity in rehabilitation programs: the Grave Cerebrolesione model acquired" held at the University of Brescia on 08/11/2013, and organized by the Don Gnocchi di Rovato Foundation, with the report "The path GCA rehabilitation in Emilia Romagna".

67. Chairman at the Conference "Occupational Therapy in Italy: between past and future" held at the Manodori Room of the University of Modena and Reggio Emilia on 11/16/2013

68. Moderator for the study day "Research and Innovation in Rehabilitation in the ER Region. A first step towards the establishment of a regional network" held in Parma on 06 June 2014, organized by the Regional SIMFER

69. Speaker at the 10-year SPAN Congress "Evaluation of Patients in the State of Minimum Consciousness: diagnosis and longitudinal evaluation", held at the Catholic University of Milan, 11/12 December 2015

70. Speaker at the Training Course on the use of CRS-R in the assessment of Consciousness Disorders of people with GCA, title "Introduction to Disorders of Conscience (Classification - clinical and instrumental diagnostic tools)", held at the Aula Magna of Villa Sironi, Gallarate on 07/10/2016 (MI)

71. Speaker at the Conference "Rescue ICP, Craniectomy and Endocranial Hypertension", with the title "Indications, who guides us? The rehabilitative potential", held in Parma on 20/01/2017

72. Speaker at the training course of the AUSL of MO "The multi-professional management of the complex patient in rehabilitation" held in Carpi on 09/27/17 with the report "The management of the complex

	<p>rehabilitative patient: experience of a center of III level and integration with the territory "</p> <p>73. Speaker at the III Course on Therapeutic Cranioplasty held in Rome on 23-24 November 2017 with the report "Cranioplasty and recovery from neurological damage: the evidence"</p> <p>74. Speaker at the Theoretical and Practical Course on Multidisciplinary Management of Dysphagia in Hospitals held in Sassari on 02/22/2018</p> <p>75. Speaker at the COMA RECOVERY SCALE REVISED (CRS-R) course for the assessment of disorders of conscience in the person with severe acquired brain injury held in Oristano on 23-24 February 2018</p> <p>76. Speaker at the "Core Stability" course held at the Santa Maria Nuova Hospital in Reggio Emilia on 2 March 2018</p> <p>77. Speaker at the refresher course "CRANIOPLASTICS: indications, complications, expectations" held May 23, 2018 at AULA TIPO III floor OCSAE Baggiovara Hospital</p> <p>78. Speaker at the conference "The role of artificial nutrition in palliative care" held in Reggio Emilia on 19 October 2018 with the report "The point of view of the neurorehabilitator"</p> <p>79. Moderator of the Round Table for the Conference "Are we ready for a Rehabilitation SDO?" Held in Parma on 31 October 2018</p>

Capacità e competenze personali, capacità e competenze organizzative, relazionali, tecniche, manageriali

Descrivere tali competenze e indicare dove sono state acquisite

He attended, both as a medical student and as a postgraduate, the Neuropsychology and Neurorehabilitation Section of the University of Parma, directed by Prof. A. Mazzucchi, directing his technical skills from the beginning towards clinical and rehabilitative management of affected patients from severe cerebro-lesion acquired, in particular the cranial traumatized.

In 1995 he won a scholarship, awarded by the Traumi Association of Parma, for a 30-day study trip during which he visited several US Neurological Intensive Rehabilitation Centers and studied neurological rehabilitation issues. Attended centers: Medical College of Virginia (Richmond), cognitive-behavioral rehabilitation programs of Ben Hishaid (New York), rehabilitation centers in Columbus, Washington DC, Annapolis and Baltimore.

During the training period and during the activity as a doctor he had the opportunity to attend important clinical and research centers, relevant for his training:

- the 1st Anesthesia and Reanimation Service of the Parma Hospital with Dr. N. Stocchetti (2 months);
- the intensive rehabilitation department of the S. Giorgio Ferrara Hospital with Dr. Boldrini (1 month);
- the Turin Help of Health Helpers (Dr. Rago and Dr. Perino) to investigate issues of evaluation and treatment of neurogenic dysphagia with Dr. Gonella (2 weeks);
- the Landeskrankenhaus Rehabilitation Center in HockZirl (Innsbruck - Austria) with Dr. L. Saltuari (2 weeks).

Since 1996 he has been a member of the Italian Cochrane Collaboration for which he was responsible for drafting a Systematic Review of the literature on Sensory Stimulation of patients in a vegetative state (see attached publication). Since then he has increased his skills in the field of EBM and clinical governance by attending numerous training courses (see curriculum)

He is a member of the GCA Section of SIMFER and has participated in technical / scientific committees and technical groups for numerous events

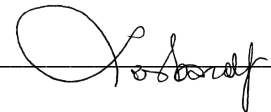

- "Minimum Protocol for the Rehabilitation Evaluation of the Person with TCE Skull-Brain Trauma" proposed in 1998 and reworked in the "Minimal Rehabilitation Assessment Protocol of the Person with Severe Cerebro Lesion Acquired"
- National Consensus Conference of Modena 2000 ("Methods of rehabilitation treatment of the cranio-encephalic traumatized in the acute phase, transferability criteria in rehabilitation facilities and indications to appropriate paths")
- 2005 Verona National Consensus Conference (Rehabilitative and Assistential Needs of People with Severe Acquired Brain Injury and Their Families in the Post-Hospitals),
- Salsomaggiore National Consensus Conference 05-06 November 2010 (Good clinical practice in hospital rehabilitation of people with severe acquired brain injuries)

He participated in the Scientific Committee of the GISCAR study, of which he was active promoter (see attached publications), applying developing

	<p>his aptitude for research in the field of neurorehabilitation.</p> <p>He is the promoter and scientific director of the "Master in Rehabilitation of Serious Acquired Injuries", organized at the University of Modena and Reggio Emilia, directed by Prof. Adriano Ferrari with whom he also collaborates in the degree courses of the health disciplines. The Master reached this year the 5th edition, always reaching the quorum of the members, thus demonstrating its attractiveness and perceived quality.</p> <p>Since 2010 he has participated in the Technical Scientific Committee of the Emilia Romagna Regional Network for Serious Cerebrolesions (GRACER) where he is committed to the promotion, management and proper functioning of the regional network.</p> <p>He is a member of the Association of Cranial Traumas of the Province of Reggio Emilia and Modena of which he was the promoter together with Dr. Brianti.</p> <p>He was a member of the Provincial Ethics Committee of Reggio Emilia from 01/07/2013 to 01/12/2017.</p> <p>He organized the arrival in Correggio of the 2nd stage of the "Rehabike 2014" Solidarity Cycling Marathon, which took place from 23 to 28 September 2014, departing from Treviso and arriving in Turin, passing through some important Northern Italy Rehabilitation Centers (including the SOC of Neurorehabilitation of the Correggio Hospital)</p>
<u>Ulteriori informazioni</u>	He obtained the Solfeggio license at the Reggio Emilia Conservatory, plays piano and guitar.
