

## Curriculum Vitae Europass

### Personal Informations

Name/Surname	<b>Cristina Magnoni</b>
Adress	Via Morello Confine 28, 41019 Soliera
Telephone	+390594225585
Fax	+390594224271
E-mail	cristina.magnoni@unimore.it
Citizenship	italian
Date of birth	13 December 1963
Gender	female

### Professional Experience

12-05-2023 to present	Temporary Replacement Assignment for the Director of the Complex Structure of Dermatology
28-02-2022 to present	Head of the Simple Departmental Structure "Dermatological Surgery with an Oncological and Regenerative Focus" Modena University Hospital.
14-01-2022 to present	ERN-Skin Representative for the Modena University Hospital for Epidermolysis Bullosa.
01-11-2021 to present	Member of the School Council and Course Instructor (5th-year activities) in the Specialization School of Plastic Surgery at the University of Modena and Reggio Emilia
01-11-2021 to present	Member of the School Council and Course Instructor (4th-year activities) in the Specialization School of Endocrinology and Metabolic Diseases at the University of Modena and Reggio Emilia.
16-04-2021 to present	Head of the Diagnostic-Therapeutic and Assistance Pathway - Management of Epidermolysis Bullosa at the Modena University Hospital.
01-11-2020 to present	Member of the School Council and Course Instructor (3rd-year activities) in the Specialization School of Allergology and Immunology at the University of Modena and Reggio Emilia.
29-12-2017 to present	Member of the School Council and Course Instructor (4th-year activities, General Pediatrics pathway) in the Specialization School of Pediatrics at the University of Modena and Reggio Emilia.
01-11-2016 to present	Didactic Coordinator of the Medical Sciences 2 Course, 6-year single-cycle Master's Degree: Dentistry and Dental Prosthetics (D.M.270/04). Department of Surgical, Medical, Dental, and Morphological Sciences with Transplantation, Oncology, and Regenerative Medicine Interests, University of Modena and Reggio Emilia.

09-04-2014 to 01-11-2020	Member of the Organizing Committee of the Specialization School in Allergology and Clinical Immunology at the Polytechnic University of Marche, with affiliated locations in Ancona, Parma, and Modena-Reggio Emilia.
21-07-2011 to present	Director of the Interuniversity Master's in Wound Care for the University of Modena and Reggio Emilia, in collaboration with the University of Ancona and the University of Pisa.
07-12-2010 to 27-02-2022	Head of the Simple Unit of Dermatological Surgery within the Complex Structure of Dermatology at the Modena University Hospital.
23-10-2010 to 01-12-2015	Founding Member of the University-affiliated Startup Skin 2 SRL, developing medical applications for the treatment of complex wounds. Departments: Medicine and Medical Specialties, Biomedical Sciences. Proponents: Prof. Alberto Giannetti, Prof. Cristina Magnoni, Dr. Massimo Pellegrini, Dr. Luisa Benassi.
21-12-2009 to present	Confirmed in the role of Associate Professor - MED/35 (Cutaneous and Venereal Diseases) at the University of Modena and Reggio Emilia with Clinical Dermatology assistance integration at Modena University Hospital.
21-12-2006 to 21-12-2009	Associate Professor - MED/35 (Cutaneous and Venereal Diseases) at the University of Modena and Reggio Emilia with Clinical Dermatology assistance integration at Modena University Hospital.
12-11-2003 to 21-12-2006	Confirmed in the role of University Researcher - MED/35 (Cutaneous and Venereal Diseases) at the University of Modena and Reggio Emilia with Clinical Dermatology assistance integration at Modena University Hospital.
01-11-2003 to present	Member of the School Council and Course Instructor (4th-year activities) in the Specialization School of Dermatology and Venereology at the University of Modena and Reggio Emilia.
01-11-2000 to 12-11-2003	University Researcher - MED/35 (Cutaneous and Venereal Diseases) at the University of Modena and Reggio Emilia with Clinical Dermatology assistance integration at Modena University Hospital.
01-02-1999 to 01-02-2001	Research Fellowship at the University of Modena and Reggio Emilia in the F17X area (Cutaneous and Venereal Diseases) - "Assessment of the irritant action of surfactants contained in topical use products through in vitro and in vivo tests."

## Education

31-10-1998	PhD in Dermatological Immunology in 1998 under the supervision of Prof. Alberto Giannetti, discussing the experimental thesis entitled: "Thymidine dinucleotides induce arrest of proliferation but not apoptosis in normal human keratinocytes in culture"
01-01-1995 to 01-11-1995	Visiting research fellow at Boston University School of Medicine (Dermatologic Department and labs)

(USA). The topic of her research during this year included the molecular mechanism of photodamage and the role of thymidine dimers in melanogenesis.

28-11-1995

Graduation at the School of Specialization in Dermatology and Venereology in November 1995 with full votes (50/50) with a experimental thesis entitled: "The autocrine nerve growth factor protects human keratinocytes from apoptosis through its high affinity receptor (trk): possible role of bcl-2.

26-7-1991

Degree in Medicine and Surgery at the University of Modena and Reggio Emilia with Full votes (110/110 cum laude) in July 1991 with an experimental thesis "Radioimmunoassay of vasoactive intestinal peptide in lesional skin of some dermatoses".

### Main topics and professional skill

The main clinical and scientific areas of interest for Professor Magnoni are regenerative medicine, bioengineered tissues, and cutaneous oncology, with a particular focus on squamous carcinogenesis and rare diseases.

Her clinical work takes place within the Departmental Simple Unit of Dermatologic Surgery, where she serves as the head. She performs daily procedures including oncological resections, post-oncological reconstructions using flaps, dermo-epidermal grafts or dermal substitutes, and selective lymphadenectomies for the detection of sentinel lymph nodes in Melanoma patients. She coordinates a multidisciplinary surgical team, working alongside maxillofacial, vascular, and orthopedic surgeons for complex surgical reconstructions.

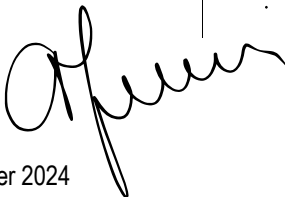

For approximately 15 years, she has been involved in the management and treatment of patients with non-healing chronic ulcers. Specifically, in this field, she is responsible for the care of patients with Epidermolysis Bullosa and for the post-oncological treatment and reconstruction of squamous cell carcinomas in patients with Dystrophic and Junctional Epidermolysis Bullosa, using bioengineered tissue grafts.

### Publications

Cristina Magnoni is author and co-author of 100 scientific papers on peer-reviewed international journals most of which with impact factor (PubMed-indexed) 2769 citations, 26 H-index (data source:Scopus)

ORCID ID: <https://orcid.org/0000-0002-6081-4925>
