Nationality Italian
Date of birth July 14th, 1966

After his MD degree (1991 at University of Verona, Italy; 110/110 magna cum laude), he completed the neurosurgery residency program at University of Verona (1996, 50/50). As Consultant, he managed all neurosurgical diseases, with particular interest on vascular and brain tumor microsurgery. 2000-2011: Neurosurgeon at Neurosurgical Department in Padova, 2011-2017: Head of the Neurosurgical Department in Modena, 2018-present: Professor of Neurosurgery, University of Modena and Reggio Emilia. Over 3000 cranial surgeries as first operator, >1000 aneurysm clipping and >1000 cerebral tumors removal. He attended in 1993 the Neurosurgery of Presbyterian University Hospital, Pittsburgh (PA), and in 2002, 2003 and 2005 the Department of Neurosurgery of University of Helsinki, prof. Juha Hernesniemi.

Teaching activity

Professor of Neurosurgery at the School of Medicine, University of Modena and Reggio Emilia

Courses:

Surgical approaches to skull base surgery. Director O Al Mefty, S.Louis University School of Medicine, 22-24 april 1999

Intensive hands-on dissection course on skull base surgery: the control of the large vessels of the skull base. Director: M Giovannelli, P Mortini, Milano 18-20 maggio 2000

Minicourse on cerebro-vascular neurosurgery. Director: J Hernesniemi, L Palma, Siena, 16-novembre 2005

European workshop on basic techniques of microsurgery and cerebral rivascularization. Director: H Ferraz-Leite, Wien University, 19-22 april 2006

Live international neuroradiology and neurosurgery course. Director J Moret, S Cekirge, Paris, 25-27 maggio 2009

Research

Scientific director of Ricerca sanitaria finalizzata n.62/02 regionale, "aneurysmal endothelial cells:HBO effects and ET e ADM roles", Padova 2004-2006

Co-investigator e study coordinator in "phase IIb study, multicentric, international, randomized, for cerebral vasospasm prevention with clazosentan, selective antagonist of endothelin A", Padova 2005-2006
