MANAGEMENT AND LEADERSHIP SKILLS

Directives

Write here the descriptive text. Currently in service at AOU of Modena, at the Research Service for Training and Innovation with a position of Tutor of professional teaching at the Bachelor's Degree in Nursing UNIMORE Modena, II year of course.

The activities I take care of are:

- Review EBM-EBN-EBP Guidelines;
- Design simulations with small groups of students using the teaching methodology of the Problem Based Learning to stimulate critical and self-reflective skills;
- Organization and conduct of laboratory activities with the aim of promoting learning
- Management of teaching materials;
- Pedagogical tutoring;
- Clinical coaching of internship
- Assessment of learning in the field and through examination calls;
- Management of the student's assessment and self-assessment processes, both at the end of the Nursing lab, both during the internship.
- Participation in various workshops and examinations according to the TBL teaching

The attitudes developed over the years during work activity are:

- Excellent team work skills;

Excellent decision-making in critical situations;

- Excellent ability to identify and propose operational and resolving solutions in the design phase;
- Particular attention to conflict management and resolution;
- Patient management in emergency/emergency area;
- Advanced airway management;
- Excellent management of invasive and non-invasive mechanical ventilation;
- Management and treatment of acute respiratory failure;
- Advanced management of cardiac arrhythmic emergencies using electrical therapies;

- Excellent knowledge of reading and interpretation of an electrocardiogram;
- Ability to recognize and treat acute coronary syndrome and STEMI;
- Advanced cardiopulmonary resuscitation;
- Assessment and assistance to multiple trauma in emergency;
- Assessment and treatment of paediatric emergencies;
- Pain management and sedation-analgesia;
- Recognition and treatment of neurological emergencies;
- Excellent knowledge of Hospital Triage;
- Ability to manage and organize a major emergency in the hospital

42. New operational standards for the Emilia Romagna Region in PS (Bologna 2019)
43. Operational management of patient flows and coordination practices (2020)
44. Advanced course in PS triage. New colors to welcome (2020)

PROFESSIONAL AND CARE SKILLS

Professional and care skills

I have acquired clinical and care skills during my years of service:

- as a Respiratory Diseases Nurse.

- Nurse experienced in non-invasive mechanical ventilation and trained in bronchoscopy bedside and
- Patient care in the Emergency Room.
- Nurse with triage expertise.
- Advanced airway management
- Advanced management of cardiac arrhythmic emergencies with use of electrical therapies
- Invasive and non-invasive mechanical ventilation
- Treatment of acute respiratory failure
- Advanced cardiopulmonary resuscitation
- Assessment and assistance to multiple trauma in emergency
- Pain management and sedation-analgesia
- Recognition and treatment of acute coronary syndrome
- Recognition and treatment of neurological emergencies in the Emergency Room
- Management of major emergencies
- Assistance for rushed delivery
- Intraosseous access
